**Examination Convention changes for Trinity Term 2019-20**

Where it is possible to send proposed changes to Exam Conventions relating to the following academic year’s exams through by 31 July, this is helpful to ensure the changes are approved in good time before the start of the new academic year. However, if a second round of changes may then be required following Michaelmas term committee meetings etc., course teams are welcome to delay sending Conventions for approval until the complete set of changes can be presented in one batch, if this seems more sensible. Please note that conventions must be published to prospective candidates not less than one whole term before the examination takes place or, where assessment takes place in the first term of a course, at the beginning of that term.

If you may make changes to Conventions after students have started studying for the examination in question, please refer closely to the divisional guidance available at: MSD Examination Regulations and Conventions Guidance.

Proposed changes to examination conventions relating to Trinity Term examinations should be submitted to Education Quality Assurance Officer for ASC approval.

Nomination of Assessors 2019-20

In order to comply with the University requirement that the process of approval must be successfully finalized before Assessors commence any work, the main batch of assessors should be nominated for approval not later than the term preceding the one in which these assessors will be needed (i.e. Assessors needed from Hilary Term onwards should be approved in Michaelmas Term).

All nominees, if successful, are approved for the whole academic year (i.e. not for any specific term). The exception to this is nominations of PGR Students, who can only be approved as assessors by the Proctors and on a termly basis. The nomination of postgraduate research students as assessors should only be considered in exceptional circumstances, as described in the Examiner Appointments Staff Handbook and MSD quick reference guide on nomination of examiners and assessors.

Further assessor nominations (emergency covers, expert markers needed in a specific term only, etc.) may be put forward for approval at other times throughout the year, providing that no work is carried out prior to appointments being confirmed.
