## SharePoint Online (SPO) 'Examining' Sites Managing the Homepage

This quick reference guide includes sections from the 'SPO Examining Sites Administrator Guide' and outlines how to manage the Homepage within a SPO site.

This quick reference guide covers the following help topics:

- How do I edit the TEXT on an examining site Home page?
- How do I change the IMAGE on an examining site Home page?
- How do I change the name of an examining site?

For an overview of what SPO examining sites are and what they include see the 'SPO Examining Sites Getting Started Guide'.

Or if you prefer to see all guidance in one document, see the 'SPO Examining Sites Administrator Guide' which contains full details of how to set-up, manage and maintain all of the aspects of your SPO examining site(s).

#### **Getting Support**

If you need advice and support in relation to SPO 'examining' sites during MT21 then please contact the e-Assessments project team on: <u>e-assessmentproject@it.ox.ac.uk</u>.

The project team will be providing 'early life support' during MT21 after which ongoing support arrangements will be confirmed and communicated.

### **SPO Examining Sites – Home Page**

#### Introduction to the Examining Site Homepage

The Home page within SharePoint Online 'examining' sites is intended to be a space on which introductory welcome / guidance text is available to all users of the site.

As part of examining sites being 'pre-built' ready for use by departments, default text has been provided but this should be updated to make it department-specific prior to the examining site being used in the department.

Each department is free to add whatever text is relevant, from a department perspective, to the Home page and to change the default image on the Home page if desired also.

You may want to consider updating the image to your department logo, for example, or another image specific to the department, if relevant.

In addition to updating the text and image as required you are also free to configure the Home page as you would like to, using the standard SharePoint web parts that are available within the Edit view.

#### Who Can Access the Home Page?

The Home page of a SharePoint Online 'examining site' is accessible to users added to any of the site's SharePoint groups. See the 'Managing Users in SharePoint Groups' quick reference guide for more information.

The only users who will not be able to access the Home page are those users who are given access solely to individual folders within the site and are not added to any SharePoint groups. This is expected to be an exception – for example in instances where a folder or small number of documents are being shared with another department. See the 'Managing User Access to Folders - Final' quick reference guide for more information.

#### How do I edit the TEXT on an examining site Home page?

To edit the text on an examining site Home page:

1. From the Home page, click on 'Edit' on the right hand side of the page

- 5. Select or upload the image (depending on whether you are uploading an image or selecting one from 'Stock images')
- Click 'Add image' if you're uploading an image or 'Insert' if you're choosing an image from the 'Stock images' area (the relevant button will be displayed at the bottom of the window)
- Add the relevant Alt text into the 'Alternative text' box back in the 'Image' window

8. Finally, click on the 'Republish' button in the top right hand corner of the page

#### How do I change the name of an examining site?

The name of an examining site is displayed at the top left of a site:

Please only change the name of an examining site if strictly necessary as the site names follow a common naming convention.

To change the name of an examining site:

- From the Home page, click on the Settings 'cog' icon in the top right hand corner of the site
- 2. Select 'Site information' from the list

 Within the 'Site Information' sidebar update the 'Site name' field and click 'Save'
